Share one personal highlight from the last week! It can be anything you did or experienced this long weekend that you would like to share with us.

Difficulty of working in groups

I forgot the assignment of cpr, i submitted it yesterday at last last hour

I watched Fall guy.

I went to downtown with my friends for the first time and it was great

just making assignments

Finished all the courses assignments

Went to woodbine beach and roamed around the downtown till midnight with my two friends. and yeah I missed my cpr assignment too

about the components of operating system, and mostly to use matrix

Agenda

- Recall what you learned.
- Work on troubling parts.
- Quiz.

Share what you learned in the lecture last week.

a bit history

Win and linux file paths

Absolute and relative
path of file, File
Hierarchical system

Windows commands, and
Linux basic commands

history and other basic
commands

It was mainly about using the
matrix system , along with
some basic commands, and
file extensions

Traffic light Activity

- Red: The topic you are struggling with.
- Yellow: You have doubts or unclear
- Green: You are comfortable with.

Topics and commands

- Pathnames
- File name expansion
- cd
- pwd
- ls
- tree
- mkdir
- rmdir
- touch
- diff

Commands

- cp
- mv
- vi, cat, nano
- more, less, cat
- head, tail
- who, whoami
- echo
- cal
- date

Share the topics or commands that you are comfortable with.
